You've gathered them... a few websites out there that just make you laugh, or show something bizarre, or truly wacky! Who doesn't love the latest website that's pure entertainment? We've built here a section that has no real purpose other than fun. Within the entertainment links section, you'll find a listing of websites that are purely for entertainment purposes, from our favorite Home Star Runner, to the quirky RibMan, to videos of a dog skateboarding, you'll find a good reason to waste a few minutes and relax with us! With the experiments section, you'll find in-progress, or just plain interesting website dhtml effects, flash animation elements and more that we thought were too interesting to throw away, or haven't found the perfect use for yet! Consider it our little laboratory of website fun!
